Twisted Single Pair FEP Insulated

- FEP polymer sheath
- Aluminum tape
- FEP polymer insulation
- Negative electrode-nickel-aluminum
- Positive electrode-nickel-chromium
- Drain wire

KX FEP insulated

- FEP polymer sheath
- Aluminum tape
- FEP polymer insulation
- Negative electrode-copper-nickel
- Positive electrode-copper
- Drain wire

KCB FEP insulated

Application
These cables are used with thermocouples for temperature measurements.

Specification
Conductor: Solid or stranded. Material is according to thermocouple type.
Insulation: FEP polymer
Screen: Aluminum tape
Drain wire: Tinned copper
Outer sheath: FEP polymer
Construction: Round
Color code: According to IEC 60584-3
